

## Part-Time or Full-Time Die Cutting & Machine Operator

*(Mechanical Aptitude Required)*

**Location:** In-Office / Warehouse — Danville, PA

**Company:** Mantle

We are an archival manufacturing company seeking a **Part-Time Die Cutting & Machine Operator** with strong mechanical aptitude to support our production team. This role is ideal for someone who enjoys hands-on work, problem-solving, and knowing how industrial machinery operates.

### Key Responsibilities

- Operate mechanical die-cutting equipment, including a **BOBST machine**
- Set up, monitor, and maintain a steady production flow
- Diagnose, troubleshoot, and assist in resolving mechanical issues as they arise
- Perform basic machine adjustments and preventative maintenance
- Handle, move, and lift boxes and materials throughout the warehouse
- Maintain a clean, safe, and organized work environment
- Work closely with the production team to meet output and quality standards

### Required Qualifications

- Strong **mechanical aptitude** and willingness to learn machine operation
- Ability to troubleshoot and think critically when mechanical issues occur
- Comfortable being on your feet for extended periods
- Ability to lift and move boxes and materials as part of daily tasks
- Dependable, safety-conscious, and detail-oriented

### Preferred (Bonus) Qualifications

- Experience operating industrial or manufacturing equipment
- Background in mechanical repair, maintenance, or production environments
- Familiarity with die cutting, packaging, or paper-based manufacturing

### Schedule & Position Details

- **Part-time, in-warehouse position**
- Consistent schedule with flexibility discussed during hiring
- Opportunity to expand hours or responsibilities over time

### What We Offer

- Hands-on work with specialized manufacturing equipment

- Supportive, team-focused work environment
- Competitive hourly pay based on experience
- Opportunity to develop valuable mechanical and manufacturing skills

If you're mechanically inclined, dependable, and enjoy keeping production moving, we'd love to hear from you.
