ARCHIVAL & PACKAGING PRODUCTS

PRODUCT CATALOG

JANUARY 2026

The Mantle Story

Mantle Archival & Packaging Products, formerly Systematic Filing Products, was built on the idea that no two customers, or their needs, are exactly alike. Since 1992, we've grown from a local manufacturer into a trusted partner for museums, businesses, and institutions across the country. Today, we specialize in made-to-order solutions, including preservation storage products, custom product packaging, and art portfolios.

When we bought the business in 2010, we expanded the company's focus to meet growing demand for archival-quality storage and custom product packaging. Every item Mantle produces is 100% American-made, crafted with care, and backed by responsive, hands-on customer service. From museums, genealogists, and artists to high-volume manufacturers, we work closely with each client to create products that perform, protect, and present beautifully.

In 2024, Systematic Filing Products became Mantle Archival & Packaging Products—a name that better reflects our diverse line of products and our commitment to protection, preservation, and presentation. At Mantle, we don't just sell archival products—we help tell your story and protect your legacy.

Every Mantle product is proudly American-made and built to the highest archival-quality standards, because when it comes to protection, preservation, and presentation, we've got a box for that.

A handwritten signature in blue ink, appearing to read 'Jenny'.

- 24 Non-Reinforced Top Tab
- 26 Hanging Expansion Pocket
- 27 Expanding Pocket Jackets
- 28 Plastic Art Portfolios

ENVELOPES

- 30 Open Side
- 31 Open End
- 32 Negative Print Storage

Custom Capabilities

Looking for folding cartons that match your exact product and brand needs? We offer a wide range of plain and printed box styles, with flexible order volumes from 500 to 50,000+. Choose from our existing cutting dies or request a custom die and design.

DIE MAKING AND DIE CUTTING

In 2022, Mantle Archival & Packaging Products acquired Williamsport Dies & Cuts, Inc., a trusted steel rule die manufacturer with over 40 years of experience. This expansion gave us full control over die production—allowing us to manufacture, re-knife, and repair our own dies, as well as create custom dies for other industries. We offer precision die cutting to your specifications, whether you need a single item or thousands, all at a very reasonable price.

CUSTOM BOX DESIGN

No two projects are alike, and that is exactly why we offer custom packaging design. Our versatile product line includes full customization capabilities, and we provide smart, reliable solutions that meet your goals – whether that be for packaging or long-term preservation. Mantle designs and manufactures custom foldable cartons and product packaging for a wide range of industries, including food and beverage, pharmaceuticals, eyewear, cosmetics, and personal care. If it needs a box, we'll build one that fits perfectly.

KITTING AND GLUING

We offer reliable kitting and gluing solutions to streamline your packaging process. Whether you need components assembled into ready-to-ship kits or high-strength adhesives applied for secure product packaging, we handle the details to your exact specifications. Our in-house capabilities help reduce lead times, improve quality control, and ensure your products arrive exactly how you need them—organized, intact, and ready for use or sale.

COLOR SELECTION

We offer a variety of industry-standard colors on our products, and we are happy to customize most of our products to brand specification or other needs.

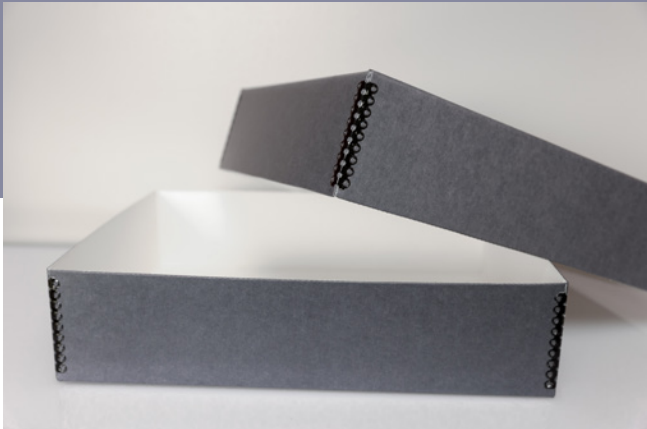

Card File Boxes

Designed to keep index cards neatly arranged, supported, and easy to access.

Document Boxes

Sized to safely store loose papers, manuscripts, and flat materials without bending or edge wear.
